## About **AMREF INTERNATIONAL UNIVERSITY**

**Amref International University (AMIU)** was established in 2017 as a Premier Pan African University of health sciences fully owned by Amref Health Africa. AMIU is founded on the experience and intellect of Amref Health Africa, which is reputed with over 65 years of quality and innovative public and community health interventions in over 30 countries in Africa.

With this work, the need to train health workers in communities was evident and the response was short tenure training courses by the Amref Training Centre (AITC) and later the Directorate of Capacity Building (DCB), the predecessor of AMIU. These Amref training programmes run for over 40 years, have produced alumni spread throughout the world who have created the name recognition, reputation and brand that Amref is today.

It was then evident that there was a need to train people at higher levels who would influence health policy, regulation and legislation. The University was thus established. AMIU's focus is on training, research and extension in health sciences with emphasis on promotive, preventive, rehabilitative and palliative health. Its commitment is to progressively develop innovative programmes catering to the present as well as future Africa and global health needs.

The University offers postgraduate, undergraduate, higher diploma, diploma, certificate programmes as well as Continuing Professional Development (CPD) courses that prepare human resource for health to serve throughout the health system. AMIU seeks to train transformational leaders who will Inspire Lasting Change.

## MESSAGES FROM THE UNIVERSITY

“We are not the beneficiaries of the world’s charity; we are co-creators of its future. African research institutions, innovators, and frontline workers have shown the world what resilience looks like. And AMIU stands at the center of this renaissance, training professionals who bring both excellence and empathy to their work.”

- **Muthoni Kuria**, Chancellor -

“Our recent relocation to the Northlands campus was not just a move; it was a statement. A statement that this university is investing in the future, anchoring itself physically and institutionally in a facility that meets world standards, and affirms our commitment to delivering high quality health education.”

- **Prof Charles Okeahalam**, Chair, AMIU Board of Trustees -

“The COVID-19 pandemic taught us that resilient institutions plan not only for growth but for shocks. At AMIU, we are institutionalizing risk preparedness-be it in terms of health emergencies, cyber threats, or financial volatility. We have emergency response protocols, insurance systems, and continuity planning embedded in our governance.”

- **Prof Kennedy Otwombe**, Chair AMIU Council -

“To our graduates, you are the next generation of health leaders. You are stepping into a world that desperately needs your courage, your skills, and your authenticity. Lead boldly. Lead ethically. Lead with the humility to learn and the courage to challenge the status quo. The work you do in clinics, labs, communities, or ministries will shape the future of healthcare on this continent. Never underestimate your power..”

- **Prof Joachim Osur**, Vice Chancellor -

## KENYA NATIONAL ANTHEM

O God of all creation  
Bless this our land and nation  
Justice be our shield and defender  
May we dwell in unity  
Peace and liberty  
Plenty be found within our borders.

Let one and all arise  
With hearts both strong and true  
Service be our earnest endeavour  
And our homeland of Kenya  
Heritage of splendour  
Firm may we stand to defend.

Let all with one accord  
In common bond united  
Build this our nation together  
And the glory of Kenya  
The fruit of our labour  
Fill every heart with thanksgiving.
