

OFFICE OF THE PRESIDENT

NAIROBI, KENYA

15th, May, 1973.

Mr. A. Michael Wood,
Director General
African Medical and Research Foundation
P.O. Box 30125,
N A I R O B I.

Dear Mr. Wood,

I understand that you are shortly visiting Europe in order to raise further support for the work of the African Medical and Research Foundation through various overseas Government agencies.

I would like to take this opportunity of confirming once again that my Government is grateful for what the Foundation has been able to accomplish and to encourage you to expand your services in Kenya.

My Government makes an annual grant of £20,000 to the African Medical and Research Foundation in evidence of our full support of the important medical services rendered by the Foundation. We need and in fact have asked for an expansion of your services and my Government would therefore be grateful for financial assistance for these services from other countries in the great task of building our nation.

In view of the urgency of the problem you are tackling in the interest of the people of Kenya, I would like to express to you my personal interest in the success of your overseas mission and to wish you well in your endeavours.

Yours sincerely,

P R E S I D E N T.
